

Ashmead Wall-mount

The simple, yet inspired lines of this design reflect a personal sense of style while also adding fireplace function to any room. The tiered, concentric frame design adds depth and drama to a flat wall, further enhanced by the dazzling ember bed, comprised of different sized chunks of acrylic ice which sparkles with refracted light. Antique silver finish is hand applied in order to add further depth and character to this sophisticated design.

120 Volts / 1,240 Watts / 4,231 BTU
